

# ImagineNano – Bringing together Nanoscience and Nanotechnology

## www.imagenano.com

IMAGINENANO – a new concept in Europe

Newsletter No. 3 October 2010

Bilbao (Spain) will host one of the largest European Events in Nanoscience & Nanotechnology from **11th until 14th of April 2011** at BEC ([Bilbao Exhibition Centre](http://www.bilbaoexhibitioncentre.com)).

- ◆ 15.000 m<sup>2</sup>
- ◆ 6 Conferences in parallel
- ◆ Industrial Sessions
- ◆ Most renowned speakers
- ◆ International pavilions
- ◆ 1.500 – 2.000 pax
- ◆ Societal activities where everyone can meet and greet Nanotechnology
- ◆ Enormous Industrial Exhibition
- ◆ More than 1.000 posters

◆ **REGISTRATION** is **NOW** available.

- Reserve your place **NOW** and ensure you won't miss the opportunity of participating at ImagineNano.
- The Abstract submission system is **NOW** online. Send your work by filling the form online.

◆ **LATEST CONFIRMED SPEAKERS** Here are the latest high level speakers to be announced from all over the world . **Andre Geim** has been awarded Nobel Prize in Physics 2010 and will be present at ImagineNano.

Invited Speakers

- **Andre Geim** (Manchester University, UK)  
Awarded Nobel Prize in Physics 2010

Keynotes

- **Adrian Bachtold** (CIN2, Spain)
- **Manish Chhowalla** (Rutgers, USA)
- **Mark Goerbig** (CNRS/Univ Paris Sud, France)

Invited Speaker

- **Uzi Landman** (Georgia Tech, USA)

Invited Speaker

- **Masakazu Anpo** (OPU, Japan)

Keynotes

- **Juan Bisquert** (Universitat Jaume I, Spain)
- **Xavier Obradors** (ICMB-CSIC, Spain)
- **Taro Toyoda** (The Univ of Electro- Communications, Japan)

Full list of speakers:

Additional speakers will be announced soon...

◆ **EXHIBITORS/PAVILIONS**

If your company/institution wants to take part in this gathering, we strongly advise to pre-book to ensure you will get the best location. Check an updated floormap by clicking here: <http://www.imagenano.com/GENERAL/fmap.php>.

**Latest exhibitors:**

CSIC [www.csic.es](http://www.csic.es)  
 INL [www.inl.int](http://www.inl.int)  
 NT-MDT Europe BV [www.ntmdt.com](http://www.ntmdt.com)  
 Iberlaser S.A. [www.iberlaser.es](http://www.iberlaser.es)  
 NanoInnova [www.nanoinnov.com](http://www.nanoinnov.com)  
 Lot-Oriel GmbH & Co. KG [www.lot-oriel.com](http://www.lot-oriel.com)  
 M. T. Brandao España, S.L. [www.mtb.es](http://www.mtb.es)

ICN - Catalan Institute of Nanotechnology  
[www.nanocat.org](http://www.nanocat.org)  
 Nanoimmunotech [www.nanoimmunotech.es](http://www.nanoimmunotech.es)  
 MAB Industrial S.L.U. [www.mabindustrial.es](http://www.mabindustrial.es)  
 Sistemas Informáticos Europeos, S.L. [www.sie.es](http://www.sie.es)  
 Spanish Institute for Foreign Trade [www.icex.es](http://www.icex.es)  
 Phantoms Foundation [www.phantomsnet.net](http://www.phantomsnet.net)

**Latest Pavilions:**

 Russia <http://eng.mon.gov.ru/>

◆ **EXHIBITION & SPONSORSHIP OPPORTUNITIES**

We still have many options available regarding exhibition and sponsoring. Don't forget the sooner you reserve, the maximum exposure you will get. PLEASE CHECK THE OPPORTUNITIES AVAILABLE [HERE](#).

◆ **NANOSAFETY WORKSHOP (Industrial Session)**

The European FP7 project "Health Impact of Engineered Metal and Metal Oxide Nanoparticles" (HINAMOX) is focused on studying the toxicity of metal oxide nanoparticles, a key issue for assessing the safety of nano-based products which are widely used in the chemical, cosmetic and electronics industries, and waste treatments, among others.

The main topics of this workshop are:

- 1) The project presentation to general public and industrial stakeholders
- 2) Bring a scientific explanation for the possible risks of nanomaterials for humans and the environment to the general public
- 3) Provide information on actual risks of handling and exposure to nanomaterials in the industry and how to avoid them
- 4) Present a general view the EC policy on nanosafety and the different actions undertaken in research and legislation
