

NanoDESK Workshop. Applications and safety of Engineered Nanomaterials (ENMs) in the plastic sector

17:00 – 17:20 **Overall view of the SUDOE NanoDESK Project** Carlos Fito. Project Coordinator. ITENE - Packaging, Transport & Logistics Research Center

17:20 -17:40 **Nanotechnology and safety in the plastic sector.** Arantxa Ballesteros. ITENE - Packaging, Transport & Logistics Research Center

17:40 – 18:10 **Exposure potential and risk management measures (RMMs) in workplaces.** Carlos Fito. Project Coordinator. ITENE - Packaging, Transport & Logistics Research Center

18:10 – 18:25. **NanoDESK observatory on the safety of polymer based nanocomposites.** Arantxa Ballesteros. ITENE - Packaging, Transport & Logistics Research Center

18:25. – 18:45. **NanoDESK Platform: new tools to support risk assessment and risk management.** Carlos Fito. Project Coordinator. ITENE - Packaging, Transport & Logistics Research Center

18:45 – 19:00 Round Table and networking with attendees Chair: Carlos Fito. Project Coordinator. ITENE
